INTRODUCTION:

United States Soybean Export Council (USSEC) requests proposals for conducting a Poultry Management Honors Course for participants from South Asia.

Through a global network of international offices and strong support in the U.S., USSEC helps build a preference for U.S. soybeans and soybean products, advocates for the use of soy in

feed, aquaculture and human consumption, promotes the benefits of soy use through education and connect industry leaders through a robust membership program.

PURPOSE OF RFP:

USSEC's standard practice is to RFP every 3 years in an openly and competitive manner. This type of cost analysis will assist in determining the fair market value for the work to be performed and allows USSEC the opportunity to evaluate various proposals and select the best contractor for the job based on experience, availability, expertise, approach, and cost.

The purpose of this RFP is to seek proposals for conducting a Poultry Management Honors Course for participants from South Asia.

BACKGROUND & PURPOSE OF PROJECT:

Animal production practices, feed production, and formulation techniques need continuous improvement therefore it is the right time to intervene – providing tech education and training to improve those techniques. By doing so – livability and efficiencies of farm production are improved, feed production and consumption will be increased thereby increasing soy utilization. As a result of increased soy crushing activity in the South Asia region, there is need to enhance knowledge on contracting/ buying soy from the U.S. The following activities are proposed to help realize technical training objectives in the region.

TARGET AUDIENCE:

Poultry Industry – South Asia (India, Pakistan, Bangladesh, Sri Lanka and Nepal)

SCOPE (SERVICES) OR WORK:

Under this contract, the Contractor shall promote the use and awareness of U.S. soybeans and soybean products through the following services:

The contractor will conduct high-level technical courses targeting the poultry sector. Specific courses include the following topics:

- 1) **Modern concept of primary disease diagnosis**
- 2) **Diagnosis of viral diseases- Based on farm experience, practical clinical sign and confirmatory diagnosis**
- 3) **Diagnosis of Bacterial diseases-Based on farm experience, practical clinical sign and confirmatory diagnosis**
- 4) **Management of Chronic respiratory diseases- Associated factors that influence CRD**
- 5) **Control measures for LPAI and HPAI-Ways to eradicate AI in Poultry, basis of usage of AI vaccine to prevent AI**
- 6) **Management and control of Inclusion body hepatitis**
- 7) **Overview of reemerging diseases in South Asia**
- 8) **Disease prevention by Vaccination**

- 9) **Overview of Meta Pneumo virus infection**
- 10) **Salmonella control in Breeder and commercial Layer, Salmonella Vaccination**

Estimated number of Participants - 40-60 from South Asia Region

Mode of delivery - Virtual, in three working days, two hours a day.

Certificate for participants – YES

Speakers Qualifications - Must have field experience of disease diagnosis.

Expected Outcome: Technical representatives of big integrators and disease diagnosis consultants, who service a large number of farmers will participate in this event. Participants will learn 1) Modern diseases diagnosis technique, 2) About modern equipment that are used to diagnose disease. 3) About prevention and control of diseases 4) Management of key diseases which impact profitability of Poultry farm; like AI (Avian Influenza), CRD (Cronic Respiratory Disease, IBH (Inclusion Body Hepatitis), Salmonella and Meta pneumo Virus.

Knowledge gained will help chicken and egg producers reduce mortality of birds at farm. More number of birds will survive at farm. Farms would require higher amount of feed. Increased requirement of feed would create additional demand for soy. Higher livability would enhance production efficiency of farm. At high farm efficiency a farmer would be able to afford Soy meal at higher rate. Outcome of this event will create additional demand for U. S. Soybean meal and it will also enhance affordability to use U. S. Soy.

Outcome evaluation: By adding about 5 technical questions to the standard survey format of USSEC to evaluate effectiveness of knowledge transfer.

ADDITIONAL CONSIDERATION (if applicable)

Submitter must have the following technological requirements:

- Reliable internet access
- Internet Explorer (version 11 or greater)

SUPPLEMENTAL INFORMATION AND BACKGROUND

BUILDING A PREFERENCE FOR U.S. SOY

USSEC's strategy can be found here: <http://ussec.org/about-ussec/vision-mission/>

USB's Long Range Strategic Plan can be found here: <http://unitedsoybean.org/about-usb/strategic-planning/>

We are a dynamic partnership of key stakeholders representing soybean producers, commodity shippers, merchandisers, allied agribusiness and agricultural organizations.

Through a global network of international offices and strong support in the U.S., we help build a preference for U.S. soybeans and soybean products, advocate for the use of soy in feed, aquaculture and human consumption, promote the benefits of soy use through education and connect industry leaders through a robust membership program.

Our 15-member board of directors is comprised of four members from the American Soybean Association (ASA), four members from the United Soybean Board (USB), and seven members representing trade, allied industry, and state organizations.

New board members are seated annually. We are receiving funding from a variety of sources including soy producer checkoff dollars invested by the USB and various state soybean councils; cooperating industry; and the American Soybean Association's investment of cost-share funding provided by the United States Department of Agriculture's (USDA) Foreign Agriculture Service. The United Soybean Board, created by the 1990 Farm Bill to manage and direct the National Soybean Checkoff, is dedicated to marketing and research for the soybean industry. USB is comprised of 73 volunteer soybean farmers representing the interests of fellow growers nationwide. Each board member is nominated by Qualified State Soybean Boards (QSSBs) and appointed by the U.S. Secretary of Agriculture.

Because of the limitations on administrative and salary costs established in the Act, USB outsources the majority of its program management responsibilities to USB's three primary contractors:

- SmithBucklin-St. Louis for domestic marketing, new uses, production research and Board initiative activities.
- Osborn & Barr Communications for communications/public relations activities.
- U.S. Soybean Export Council (USSEC), Inc. for international marketing and global opportunities activities.

As one of these three primary contractors USSEC may also undertake initiative activities on behalf of USB. USB considers primary contractor staff (approximately 60 people) as core USB staff. These three primary contractors use a number of subcontractors and, together, these entities carry out approximately 450 projects each year for USB. USB also manages approximately 10 subcontractors.

NON-DISCRIMINATION STATEMENT

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotope, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 {voice and TTY} or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at [How to File a Program Discrimination Complaint](#) and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) [email:program.intake@usda.gov](mailto:program.intake@usda.gov).

USDA is an equal opportunity provider, employer, and lender.

CIVIL RIGHTS CLAUSE

Contractor agrees that during the performance of this Agreement it will not discriminate against any employee or applicant for employment because of race, color, religion, gender, national origin, age, disability, political beliefs, sexual orientation, marital or family status, parental status or protected genetic information. Contractor further agrees that it will fully comply with any and all applicable Federal, State and local equal employment opportunity statutes, ordinances and regulations, including, without limitation, Title VII of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, the Age Discrimination in Employment Act of 1967, and the Equal Pay Act of 1963. Nothing in this section shall require Contractor to comply with or become liable under any law, ordinance, regulation or rule that does not otherwise apply to Contractor.
