PROPOSAL DEADLINE: March 11, 2021 - 12:00 PM SGT (GMT +8)

INTRODUCTION:
U.S. Soybean Export Council (USSEC), Inc. formally requests proposals for the costs of engaging a Technical Consultant to provide professional services for the Vietnamese market.

Through a global network of international offices and strong support in the U.S., USSEC helps build a preference for U.S. soybeans and soybean products, advocate for the use of soy in feed, aquaculture, and human consumption, promote the benefits of soy use through education and connect industry leaders through a robust membership program.

PURPOSE OF RFP:
USSEC’s standard practice is to RFP every 3 years in an openly and competitive manner. This type of cost analysis and benchmarking will assist in determining the fair market value for the services to be performed and allows USSEC the opportunity to evaluate qualified proposals and select the best Contractor(s) for the job based on technical qualifications, related industry experience, managerial abilities, strength of industry connections and contacts and suitable cost and time that matches the needs under this contract.

BACKGROUND & PURPOSE OF PROJECT:
The Contractor will oversee USSEC’s livestock and animal protein program in Vietnam and focus on top-line issues that will improve the overall effort to promote a profitable, sustainable, soy-optimized, feed-based livestock industry that utilizes soybeans, soybean meal, and other soy products (collectively referred to as ‘U.S. Soy’) sourced from the United States.

As directed by the Regional Director and Senior Technical Consultant (Meal), the Contractor shall differentiate, build a preference and demand for U.S. Soy, encouraging imports for application for the feed and livestock Industry. In differentiating the higher value of U.S. Soy from its competitors, the Contractor shall implement/co-ordinate feed demonstrations, organize technical workshops and training sessions with key customer accounts using tools such as Animal
Nutrition Value Calculator (NVC) to illustrate the U.S. Soy Advantage and position U.S. soy as the feed ingredient of choice in feed formulations for best value and optimal animal performance.

The Contractor will focus his/her efforts on the key accounts and primary target audience which includes feed millers, in particular the feed mill nutritionists, formulators and ingredient purchasers, to show the benefits of using U.S. soy for animal feeds.

TARGET AUDIENCE:

The Contractor will work closely with USSEC’s other in-country trade representatives to interface with industry decision-makers and influencers, buyers and sellers of food and feed ingredients, leading industry representatives, industry, trade and livestock associations, related government ministries/departments in the country etc. Examples of the organizations are, but not limited to:

- Feed Millers Associations
- Poultry, Swine and other Livestock Associations
- Feed Ingredient Importers Association
- Ministry of Agriculture, Department of Livestock, and other related departments etc.

SCOPE (SERVICES) OF WORK:

- The Contractor will establish and nurture strong working relationships, good lines of communication and beneficial trade connections with local/regional producers in the livestock and feed industry through his/her technical and trade servicing efforts.
- The Contractor must be prepared, and able to, give presentations to audiences at workshops, seminars and/or conferences for the benefit of and to achieve USSEC’s core mission.
- The Contractor shall plan, co-ordinate, evaluate, negotiate (where needed) and conduct seminars, press conferences, lectures, demonstrations, publicity and presentations as needed to carry the objective of the organization with individuals, groups and media (radio, television, newspapers, periodicals and trade journals).
- The Contractor shall on behalf of USSEC respond to inquiries for information and assistance in his/her area in a timely manner.
- The Contractor shall recommend, recruit, accompany, assist and support outside consultants and technicians to assist with specific activities of the livestock and animal protein program to include, but not limited to, introduction of modern farm management techniques, support to aqua feed mills in fish and shrimp nutrition, feed milling and formulation technology, quality assurance and disease diagnosis and management.
- The Contractor may be required to travel with USSEC’s regional technical staff, Contractors and U.S. Soy Producers, when requested by USSEC Management to view programs and meetings with the industry. He/She maybe be asked to prepare visitation schedules and arrange for industry meetings to facilitate the traveler(s)’s understanding of USSEC’s marketing and technical outreach programs.
• The Contractor will convey the U.S. Soy Sustainability message to the customers and encourage them to apply for the U.S. Soy Sustainability Assurance Protocol (SSAP) with their U.S. Soy purchases.
• The Contractor will be responsible for organizing all funded technical projects and activities and manage overall the technical activities under his/her responsibility for the current UES in accordance to USSEC’s guidelines and requirements, e.g.
  o Undertake managerial, reporting, budgetary, and any other administrative duties that are required by USSEC.
  o Develop, recommend and utilize budgetary funds assigned to market development activities or other projects, meeting all reporting requirements, and expending funds in such a manner as to insure maximum effectiveness, subject to the policies of USSEC.
  o Prepare correspondence, travel schedules, trip reports, activity plans, market development activities, budgets and other documentation as requested by the Regional Director or USSEC management etc.
• Ensure the timely and successful implementation of projects/activities as outlined under the current Unified Export Strategy (UES).
• Coordinate and liaise with industry and government for the promotion, extension and adoption of soy-optimized, eco-friendly and sustainable technologies.
• Manage the preparation and submission of progress, output and other reports on the livestock and animal protein program in the region as directed by the Regional Director.
• Monitor and stay abreast of developments and changes in the feed and livestock industry across the region and prepare management strategies to take advantage of opportunities for, or to address threats to U.S. Soy.
• Work with media outlets and trade publications to publish USSEC technical information and feeding demonstration results.

SUPPLEMENTAL INFORMATION AND BACKGROUND

BUILDING A PREFERENCE FOR U.S. SOY

USSEC’s strategy can be found here: http://ussec.org/about-ussec/vision-mission/
USB’s Long Range Strategic Plan can be found here: http://unitedsoybean.org/about-usb/strategic-planning/

We are a dynamic partnership of key stakeholders representing soybean producers, commodity shippers, merchandisers, allied agribusiness and agricultural organizations.

Through a global network of international offices and strong support in the U.S., we help build a preference for U.S. soybeans and soybean products, advocate for the use of soy in feed, aquaculture and human consumption, promote the benefits of soy use through education and connect industry leaders through a robust membership program.

Our 15-member board of directors is comprised of four members from the American Soybean Association (ASA), four members from the United Soybean Board (USB), and seven members representing trade, allied industry, and state organizations.

New board members are seated annually. We are receiving funding from a variety of sources including soy producer checkoff dollars invested by the USB and various state soybean councils; cooperating industry; and the American Soybean Association’s investment of cost-share funding provided by the United States Department of Agriculture’s (USDA) Foreign Agriculture Service.

The United Soybean Board, created by the 1990 Farm Bill to manage and direct the National Soybean Checkoff, is dedicated to marketing and research for the soybean industry. USB is comprised of 73 volunteer soybean farmers representing the interests of fellow growers nationwide. Each board member is nominated by Qualified State Soybean Boards (QSSBs) and appointed by the U.S. Secretary of Agriculture.

Because of the limitations on administrative and salary costs established in the Act, USB outsources the majority of its program management responsibilities to USB’s three primary contractors:

- SmithBucklin-St. Louis for domestic marketing, new uses, production research and Board initiative activities;
- Osborn & Barr Communications for communications/public relations activities and;
- U.S. Soybean Export Council (USSEC), Inc. for international marketing and global opportunities activities.

As one of these three primary contractors USSEC may also undertake initiative activities on behalf of USB. USB considers primary contractor staff (approximately 60 people) as core USB staff. These three primary contractors use a number of subcontractors and, together, these entities carry out approximately 450 projects each year for USB. USB also manages approximately 10 subcontractors.
Non-Discrimination Statement

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity in any program or activity conducted or funded by USDA (not all bases apply to all programs). Remedies and complaint filing deadlines vary by program or incident.

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA’s TARGETCenter at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.

To file a program discrimination complaint, complete the USDA Program Discrimination Complaint Form, AD-3027, found online at How to File a Program Discrimination Complaint and at any USDA office or write a letter addressed to USDA and provide in the letter all of the information requested in the form. To request a copy of the complaint form, call (866) 632-9992. Submit your completed form or letter to USDA by: (1) mail: U.S. Department of Agriculture, Office of the Assistant Secretary for Civil Rights, 1400 Independence Avenue, SW, Washington, D.C. 20250-9410; (2) fax: (202) 690-7442; or (3) email: program.intake@usda.gov.

USDA is an equal opportunity provider, employer, and lender.
Civil Rights Clause

Contractor agrees that during the performance of this Agreement it will not discriminate against any employee or applicant for employment because of race, color, religion, gender, national origin, age, disability, political beliefs, sexual orientation, marital or family status, parental status or protected genetic information. Contractor further agrees that it will fully comply with any and all applicable Federal, State and local equal employment opportunity statutes, ordinances and regulations, including, without limitation, Title VII of the Civil Rights Act of 1964, the Americans with Disabilities Act of 1990, the Age Discrimination in Employment Act of 1967, and the Equal Pay Act of 1963. Nothing in this section shall require Contractor to comply with or become liable under any law, ordinance, regulation or rule that does not otherwise apply to Contractor.
